## Key Responsibilities:

- Safely transport students between home, school, and extracurricular activities.

- Support students to board and exit the vehicle safely.
- Follow all traffic laws and school transport policies.

Our ethos is 'Aspiring and Achieving Together'. Whilst we are committed to ensuring that every student makes excellent progress, this concept stretches well beyond academic performance. We firmly believe that every aspect of school should equip learners to be successful in all areas of their lives, both now and for their future. Indeed, every single decision or action taken improves the life chances of all our learners. This is underpinned by ensuring The Westleigh school is a safe, nurturing and happy environment: put simply, The Westleigh School is a great place to learn and a great place to work.

Uniting with The Shaw Education Trust brings with it new opportunities and a wealth of resources to supplement our mission to improve outcomes for all our students. Colleagues will have access to a large range of well-established training opportunities, such as a fully funded L5 Instructional Coaching qualification or Accelerated Leadership training, for those aspiring to Middle Leadership. Outstanding teachers will also achieve Trust Professional Advocate designation, which provides exciting opportunities to support colleagues within both The Westleigh School and across other SET schools to share best practice. With this brings the opportunity to engage in the cross-trust peer review and Trust CPD programme.

**Shaw Education Trust** are a thriving mix of diverse and growing schools including Primary, Secondary and Special Schools all working together to improve the lives of young people in our communities. We are sponsored by Shaw Trust a charity organisation that focuses on transforming lives. We're a growing group of dynamically awesome academies providing education to children of all ages and abilities. Staff across our team of schools are dedicated to ensuring that every child has the opportunity to be successful, whatever their starting point in life.

In our secondary schools, we pride ourselves on our innovative approach to curriculum design, to ensure all our schools have breadth and ambition for all students, regardless of their starting points and barriers. Standard curriculum models don't always engage all students, so we constantly seek to innovate and provide better opportunities to develop both knowledge and skills for life. We want our students to believe their curriculum is bold, exciting, purposeful, and ultimately leads to something meaningful for them. Some examples of our innovation include moving towards an extended school day, to provide a world class enrichment programme and more opportunities for essential skills like reading and cultural capital. We are also introducing vocational and technical pathways, which run through the normal school curriculum but attract support from leading employers and universities to develop work-readiness in our students, so that they can progress onto T Levels and apprenticeships.

We are currently at an exciting point in their evolution, with collaboration at the heart of our collective endeavour. We don't operate in silos: we value the power of the pack and strive to collaborate as a collective, ensuring no school or colleague is left behind. We are currently co-constructing an aligned curriculum across all EBacc curriculum subjects, to create a world class curriculum, rich in powerful knowledge and skills. This is driving up standards through the sharing of the very best practice, whilst allowing each school sufficient flexibility for autonomy to do what is right for their local context. A by-product of this approach has been the reduction in planning workload for colleagues, meaning they can spend more time on the things that matter and fostering strong relationships with pupils and delivery of the curriculum.
