Fortis Academy

Fortis Academy is seeking a reliable and safety-conscious Minibus Driver to join their team on a part-time or a full-time basis depending on the applicant based on a fixed-term contract. The successful candidate will play a vital role in ensuring the safe and punctual transport of students to and from school, as well as occasional school trips and events.

Fortis Academy is a very large 11-18 academy serving a local area of high-density housing in Birmingham's outer suburbs. The Academy is the largest employer in the ward, with over 200 employees. It is part of the North Area Network of schools, one of six network regions in the city. The setting is uniquely split into a Foundation Academy and Senior Academy.

Fortis Academy's vision is Enriching Lives. This is underpinned by the values of Character, Resilience and Aspiration. Our curriculum centres around three key areas; a rich and ambitious knowledge-based academic curriculum, a continuous attention to physical and mental well-being, with increasing use of 21st century technologies to support improved outcomes. We believe this combination will help our students lead confident, healthy, and fulfilled lives as adults and ready for the world of work.

Shaw Education Trust are a thriving mix of diverse and growing schools including Primary, Secondary and Special Schools all working together to improve the lives of young people in our communities. We are sponsored by Shaw Trust a charity organisation that focuses on transforming lives. We're a growing group of dynamically awesome academies providing education to children of all ages and abilities. Staff across our team of schools are dedicated to ensuring that every child has the opportunity to be successful, whatever their starting point in life.

In our secondary schools, we pride ourselves on our innovative approach to curriculum design, to ensure all our schools have breadth and ambition for all students, regardless of their starting points and barriers. Standard curriculum models don't always engage all students, so we constantly seek to innovate and provide better opportunities to develop both knowledge and skills for life. We want our students to believe their curriculum is bold, exciting, purposeful, and ultimately leads to something meaningful for them. Some examples of our innovation include moving towards an extended school day, to provide a world class enrichment programme and more opportunities for essential skills like reading and cultural capital. We are also introducing vocational and technical pathways, which run through the normal school curriculum but attract support from leading employers and universities to develop work-readiness in our students, so that they can progress onto T Levels and apprenticeships.

We are currently at an exciting point in their evolution, with collaboration at the heart of our collective endeavour. We don't operate in silos: we value the power of the pack and strive to collaborate as a collective, ensuring no school or colleague is left behind. We are currently co-constructing an aligned curriculum across all EBacc curriculum subjects, to create a world class curriculum, rich in powerful knowledge and skills. This is driving up standards through the sharing of the very best practice, whilst allowing each school sufficient flexibility for autonomy to do what is right for their local context. A by product of this approach has been the reduction in planning workload for colleagues, meaning they can spend more time on the things that matter and fostering strong relationships with pupils and delivery of the curriculum.
